Laura:

I beefed it up a little with cost, meetings with Congressional, 49ers perspective and ongoing discussions with City and Regulators. Let me know if you want more information.

Doug, pls beef up the info paper. Do we know anything more current on the discussions/negotiations regarding stadium locations and what is primary at this point? Hard to get objective info from City of SF!

CAPT Steindl indicated he'd like a more extensive info paper for our proposed letter than what's attached. It would seem to make sense to also include info for his request below in the same paper. Request your office provide the final product. THKS CAM
